NOTE: Cash prizes (\$2300) that were not won by an eligible fish were distributed immediately, in full, in cash, in the following manner: A list of Team #s that had NOT already won a Cash Fish Prize were placed into a cup and randomly drawn out in front of all remaining competitors. The Prizes were distributed in decreasing value ensuring all had an equal chance of the higher value prizes. Teams drawn who did not have a member still present at the weigh-in resulted in a redraw. No redraws occurred. All prizes were claimed. Uncollected Cash Prizes for Eligible Winning Fish were retained by Alby Cooke to be distributed to the winning team members. **TOTAL Cash Prize Pool Distributed = \$8400**
